PREFACE ⬚Computer is an inherent part of life and almost in every aspects of life, a person is expected to be able to use computers. ⬚Technology can be defined as applications, instruments, or processes that enhance or simplify the aspects of everyday life. ⬚The Internet, as a whole, can be seen as technology that has greatly enhanced our lives. ⬚Computerization and Internet has became an important factor and we can do any work faster (for example : sharing a photo with friends and family and even with the whole wide world). ⬚ I have done this project with the main intention of people (from various parts of the world) showing off their photography skills to their friends and family and to the World! ⬚A person living away from his friends and family can even stay in touch with them by sharing the photos of places he visits, the food he eats, or photos of himself with his new friends and colleagues (selfies). ACKNOWLEDGEMENT It is my prime duty to offer my sincere gratitude to the University Of Mumbai for including the project work in the syllabus of Third Year Bachelor's Degree so as to develop interest about research work among the students like us. I wish to express my sincere thanks to Prof. Sadanand Dongare, Head of the Department of Computer Science for giving me the opportunity to complete the project work by providing facilities in the department to complete the task. I am also grateful to Prof. Jagadale, Principal of DUBSSC College, Dapoli for providing all the necessary facilities for Computer Laboratory. Last but not the least I'd like to give special thanks to my parents, my best friend and all the people who have encouraged and helped me to complete this project successfully on time. Thank You....!!!!! Sultan Shaukat Kazi (T.Y.B.Sc. Computer Science) PROJECT PROFILE Project Title : Gorgeous Snaps (Photo Sharing Community) Developed For : Photographers and Individual Users Front End : HTML (Hypertext Markup Language), CSS (Cascading Style Sheets), JavaScript, Bootstrap 4 (CSS Framework), AJAX (Asynchronous JavaScript and XML) Back End : PHP (Hypertext Preprocessor), MySQL Documentation Tool : WPS Writer Project Guide : Submitted By : Prof. Sadanand Dongare Sultan Shaukat Kazi Submitted To : DUBSSC College, Dapoli PURPOSE ⬚This project deals with the sharing of any pictures, a professional photographer or an individual user takes on his phone or a professional camera, with his friends and family and the World! ⬚Internet is a thing that helps us to do this just in a few seconds. ⬚The primary aim of this project is to let the professional photographers from various parts of the world show off their excellent photography skills to the whole wide world. ⬚Secondary aim of this project is to let the individual users share their beautiful, gorgeous, and special moments with their friends and family. ⬚Basically, a user can share photos, like or unlike photos, comment on photos, follow or unfollow other users, message other users in real time, explore other user's photos, etc.
